

## REMARKS

1. This Supplemental Amendment and Response is filed following receipt of a Notice of Non-Compliant Amendment (the "Notice") mailed from the USPTO June 22, 2005. The Notice pointed out that although the Applicant and the Examiner have been pursuing the case as if various of Claims 1-52 were pending, in fact claims 1-34 were cancelled by preliminary amendment on September 12, 2003 and other claims were added at that time.

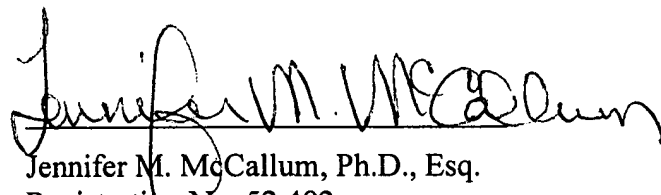

The Applicant unfortunately does not have access to any file documents from this period of time and was unable to see the error and sincerely apologizes for any confusion that has resulted. Applicant would like to thank Legal Instruments Examiner Marquetta McGee for her invaluable assistance during a telephone call of June 29, 2005 in which she provided the current claim status.

Newly added Claims 72-121 correspond exactly with the claims as they were amended in the response filed June 14, 2005 and the Supplemental Amendment and Response filed June 27, 2005, and have merely been renumbered.

It is believed that no fee is currently due. In the event that an additional fee is deemed necessary or overpayment due in connection with this response, the undersigned authorizes the charge to be applied to Deposit Account No. 50-2679.

Respectfully Submitted,
